

BEI DIR WAR ES IMMER SO SCHÖN

- The melody and harmony for this chart are informed by multiple sources.

The melody, as written below, comes from the version featuring Django with Fud Candrix's ensemble (originally in Eb major, with a solo from Django in Cmajor).

I would strongly encourage you not to phrase the melody as written, but to approach this lead sheet as a blank canvas, and explore the countless ways you can make this melody breathe.

For reference, listen to Biréli Lagrène or our faculty member Gwen Cahue's recordings of this tune (both in Gmajor like it is written below). The harmony, as written below, is informed a little by Django's, Biréli's, and Gwen's recordings.

T. MACKEBEN & H. BECKMAN

Handwritten musical score for "Bei Dir War Es Immer So Schön" in G major, 4/4 time. The score consists of 10 staves of music with various chords and melodic lines. Chords include C major, C minor, G major, G/B, B^bdim7, A minor, D7, B minor, E7, B7, and E minor. The melody features many triplets and slurs. The score is numbered 5, 9, 13, 17, 21, and 25 at the beginning of each staff.

*Depending on the player, this chord has been interpreted differently. The Eb7 and Bdim7 options are, in many ways expressions of the same chord, (the Gmin6 less so). Try to listen to those you are playing with to discern what is appropriate for the present moment.

BLACK AND WHITE

- Past the first 8 measures, this melody is meant to be improvised.
As a guide for your own improvisation, included below is an undetailed transcription of what Grappelli played on this tune on 01/31/1938.

- Tcha phrases the melody ever so slightly differently on each performance, and each repeated section of this tune... and each way he does it is great! To get a more complete sense of this tune, please listen to as many of Tcha's recorded performances as you can find.

- The written melody for this tune is inspired by Mr. Ferret's vocal performance from the album Ou Welto Risella.

Naturally, there are slight variations in pitch and rhythm

each A section.e.g. the last note, of the 3rd bar, of the first A section,

I believe, is a G natural... but because it's an E natural on every

other A section, it is notated as such. Like always, to get a more

complete understanding of this song, listen to as many versions as you can!

[INTRO & OPTIONAL INTERLUDE BETWEEN CHORUSES]

- This is the same chart but transposed up a fourth. If you are just jamming on this tune, you do not need to perform this modulation. However, in honor of our visiting artists, Fapy, Tcha, Dave, and Vilmos, who modulate this way as part of their arrangement of this tune, we are including the tune in both keys. To implement this modulation, play measures 43 & 44 in place of the 2nd ending at the bottom of the previous page.

- For DiJ '26 we've made 2 versions of this chart.
 The melody as written below, is inspired largely
 by Django's classic 1947 recording of this tune.
 I'd encourage you to also check out faculty member
 Gwen Cahue's new recording of this tune.

- For DiJ '26 we've made 2 versions of this chart.
 The melody as written below, is inspired a tiny tiny
 bit by faculty members Tcha Limberger and
 Dave Kelbie's great recording of this tune, but
 mostly by Count Basie's classic recording (originally in Bb minor).
